My dear Dr. Krishnan,

I have heard of this letter  
Mr. Rapinder Paul Khora MSc (Honor School) in  
Chemistry, who is known to me & in whose  
welfare I am interested, is desirous of joining the  
N.P.L. as an assistant in the Research section  
preferably in your own Division. He has already  
done one and a half years research in Electro-  
Division with Dr. Ramesh Parshad on the corrosion of  
metals.

I shall feel greatly obliged if you could  
please see your way to afford this young man  
the necessary opportunity for research.

With personal regards

Dr K. S. Krishnan.

F.R.S.

Director N.P.L.

Yours sincerely
