My dear

You may kindly recall our discussions regarding some of the new initiatives undertaken by DST. One of the initiative relates to the Single Window Integrated Mechanism to facilitate speedy acquisition of Hi-Tech Companies Abroad. With Government approvals necessary orders have been issued.

We have discussed about the suitable persons to provide technical secretariat support to such an activity. I had also consulted a number of persons. You were kind enough to spare the services of Dr. V. Siddartha, who is presently working at DRDO. Considering his long experience in ISRO in the SG grade since 1981, subsequent tenure at CSIR as Adviser and his experience in DRDO since 1986, we are considering having him on deputation with us for about a year in the grade of Rs.5900-7300, with a view to absorb ^{ing} him in DST subsequently.

Since we have started processing papers in connection with this matter, I would appreciate having a line in confirmation from you for the above proposal. We would like to have the services of Dr. Siddartha in about a month from now.

With best regards,

Yours sincerely,

(Vasant Gowariker)

My dear

You may kindly recall my discussions with you regarding the manning of the Secretariat of Single Window Integrated Mechanism to facilitate speedy acquisition of Hi-Tech Companies Abroad.

Since the job involves a good understanding of broad aspects of technology, familiarity with Government policy/administrative aspects and capability to handle sensitive, confidential matters, it was felt desirable to have a person from a Government Department on deputation basis. After consulting a number of Secretaries, it is considered desirable to have Dr.V.Siddartha, Scientist-F in DRDO on deputation for one year in the grade of Rs.5900-7300 with a view to have him absorbed in DST subsequently. His bio-data is enclosed. Dr. V.S. Arunachalam had kindly agreed to release him. May I request you, as the Chairman of the Empowered Committee on Single Window Integrated Mechanism to facilitate speedy acquisition of Hi-Tech Companies Abroad, to kindly consider his suitability for the work.?

With kind regards,

Yours sincerely,

(Vasant Gowariker)

Shri T.N. Seshan
Cabinet Secretary
