3rd August,2000

Dear Prof.Joshi,

As you are aware, the Department is supporting the visit of distinguished scientists from abroad to research institutions in India under the Visiting Scientist from Abroad Programme. We have received a proposal from Prof.V.Sitaramam, Department of Biotechnology, University of Pune for inviting Prof.K.Rajagopal, Federal University of Rio de Janeiro, Brazil for a period of six weeks under the above programme. Prof.Rajagopal's major areas of interest are polymers and petrochemicals and has a good standing in statistical mechanics and thermodynamics. Prof.Sitaramam has proposed to utilise his expertise in the ongoing research work in his laboratory in the area of biopolymers.

2. I enclose a copy of the proposal. I shall be grateful if you could kindly evaluate the proposal and give your comments/recommendations regarding its suitability for support by DBT. I would very much appreciate your early response.

With regards,

Yours sincerely,

(M.Balasubramanian)

Prof.N.V.Joshi,
