Respected Sir,

It is with a deep sense of gratitude, that I write to you this letter. My son, N. V. Rao, who has been selected as a 'Scientific Pool Officer' on his return to India, was asked to report at The Indian Institute of Science, Bangalore. On 12th of last month, he saw the professor of Electronics, who was in charge of him, and he, in consultation with the Managing Director of Bharat Electronics, has written to C.S.I.R. at Delhi, that he may be attached as a 'Pool Officer' at Bharat Electronics. My son is waiting for the official permission. Please accept my very grateful thanks for your generous favour in getting him a job in India.

Since I heard that he was returning to India on appointment, I have had peace of mind and I am glad to write to you that I am getting on fairly well with my meditation. The spiritual field is a vast ocean of unique experience, and I am glad that I am born in a 'Sri Vaishnava family'. Except complete self-surrender, love, and Adoration to 'Sriman Narayan', there is no other path to the highest spiritual uplift. After coming in contact with you, and going through some of the important Sri Vaishnava literature, I am more than convinced now that it is quite essential to do 'Kainkaryam' or service to Lord, and work for him as his instrument. Always of a contemplative bent of mind, I am at a loss to do some useful service at this stage of my old age.

P.T.O.

I only wish I have an opportunity of meeting you once; it would be pure pleasure to see you even physically, and be benefitted by some practical advice. I am happy to write to you, that, now-a-days, most part of the day I spend in his 'Worship' & in His Thoughts. As you are responsible for my present frame of mind, my salutations to you, the seen Vibhuti of His.

yours Respectfully
N. Srinivas Rao.
