25th March 1958.

Dear Sir,

An International Symposium on Nuclear Electronics will be organized in Paris in September next by the French "Société des Radioélectriciens". This symposium is jointly sponsored by the Atomic Energy Commission and by the International Union of Pure and Applied Physics.

I am sending you herewith two copies of a leaflet on the subject and hope that you would like to have this information for some useful purpose.

Yours sincerely,

Raymond CAZENAVE,  
Cultural Adviser.
